To be eligible for the Loyalty Bonus Program you must:

Be an OPS Licensed Super Late Model

Must race back to back weeks

If you miss a week for any reason

If you finish first you lose \$200 of the bonus (never less than the base pay) and you can pick up from there

If you finish second you lose \$100

If you finish 3, 4, or 5th you lose \$50

If you miss more than one week in a row, you will lose the amount per week missed. Although you will never go below the base pay Ex: if you get to week 7 then miss 2 weeks in a row you will lose \$200 X 2 for first place

After returning you can again pick up the bonus money as you race back to back weeks

Ex: If you race 4 weeks and win you receive \$1500, then you miss week 5 and return the next week if you win that race you would receive \$1300, if you race the next week it would be for \$1400 to win

**The ONLY exception to the rule for missing a week is if you are PASS licensed as well and miss it for a PASS event that conflicts with the Oxford event**
