

2019 Oxford Plains Speedway Super Late Model Bonus Program

The 2019 Oxford Plains Speedway Super Late Model Bonus program will increase the payout for the top 5 positions in each week's race based on races run by the competitors. The bonus program will increase each week a competitor runs until they reach 6 consecutive weeks once they have maxed out the bonus program competitors will run for that payout as long as they do not miss a race event. If a competitor misses a race event the payout will revert back to the base super late model payout the only exception to this rule is if a competitor is participating in a PASS Super Late Model Event that conflict with a weekly Oxford Plains Speedway race.

Bonus Payout Structure

	<u>Week #1</u>	<u>Week #2</u>	<u>Week #3</u>	<u>Week #4</u>	<u>Week #5</u>	<u>Week #6</u>
